Subject: fyi - recent (this month) article on pesticides and PD

Just FYI - seems to have just come out (dated October 2017)

Interesting to look up in the article here the ORs for 2,4-D and PD and paraquat and 2,4-D.

Maneb and mancozeb (two Mn-containing pesticides) are two other pesticides that have been associated in the past with PD as well.

David.
